# GLOABL MOBILE APPLICATION MARKET

DATA REPORT 2021

Global mobile application market size amounted to USD 187.58 billion in 2021 and is projected to grow at a compound annual growth rate of 13.4% from 2022 to 2030. The ubiquity of smartphones, rising internet usage & the use of technologies like artificial intelligence and machine learning in mobile applications all point to future growth in demand for mobile applications.
